REVIEW OF STERILISATION PERFORMANCE	
(UPTO JUNE- 2011)	
I	During the Financial Year 2011-2012 (upto JUNE 2011) Tamil Nadu has performed 89,964 cases out of 91,250 Proportionate Expected Level of Demand under sterilisation. There is an increase of 2,725 Sterilisations, compared to the previous year corresponding period of achievement. The performance of Vasectomy is 457 as against 546 of the last year corresponding period and which is a declining trend.
II	During the year 2011 - 2012, the ELD under sterilisation for the entire State was fixed as 3,65,000. Erode District stands first in Sterilisation performance upto JUNE 2011 followed by Virudhunagar and Sivagangai Districts in the second and third rank respectively against their ELD. All the District Officers are requested to achieve the ELD in full right from the beginning without compromising the quality of services to the FW acceptors.
III	The performance is less than 90% of Expected level of demand in Theni, Thiruvallur, Darmapuri and Pudukottai. All District officers are requested to collect the Family Welfare performance from all the Institutions every month without any omission. More number of camps should be planned and conducted effectively to set right the backlog.
IV	When compared with last year's (upto JUNE 2010) sterilisation achievement the District like Dindigul, Salem, Pudukkottai and Darmapuri Districts have shown huge backlog in sterilisation ranging from 100 cases to 300 cases. The involvement of District officers is very much required to improve the sterilisation performance in their Districts. Critical review should be conducted by the District officers and D.O letters should be sent to the medical officers of poor performing institutions to improve the performance.
V	The performance of NSV is NIL in Theni District. Except Districts like Nagapattinam, Sivagangai, Thiruvarur, Thiruvallur, Tiruppur, Trichirapalli, Coimbatore, Cuddalore, Chennai, Tanjavur, Madurai, Virudhunagar, Dindigul, Villupuram, Kancheepuarm and Salem all other Districts have shown only single digit achievement in NSV. Through effective and enhanced IEC activities and with the active involvement of all the staff members, more number of NSV and Laparoscopic camps can be organised with productive results in the NSV and sterilisation performance. The District Officers are requested to ensure the functioning of the operation theatres at Government hospitals and primary health centres throughout the year without leaving a single operation theatre idle in any month.
VI	The compensation amount should necessarily be paid to sterilisation acceptors before the discharge from the hospitals. The F.W programme should not suffer due to the non payment of the Surgeon/Anaesthetist/Paramedical fees or Motivator fees. The labor ward staff nurses and ANMs / HVs of Government hospitals should motivate the mothers with 2 and above children to accept tubectomy so as to improve the delivery coverage and also to reduce the Higher Order of Births and the Motivator fees should be disbursed by the first week of the succeeding month as per guidelines issued by this Directorate.
